🚧 *Main Challenges Faced by Real Estate Owners*

1️⃣ 🕐 Slow Response to Leads

Most enquiries come from **Facebook Ads** 🖼 , **Property Portals** 🌐 , **and Websites** 💻 .
If a lead is not contacted within **5 minutes** ⏱ , the chances of conversion drop drastically 📉 .

Problems:
a) ✍ Manual replies take time
b) 🌙 Missed messages after office hours
c) ❄ Leads go cold quickly

2️⃣ 🔍 Lead Leakage & Poor Tracking

Leads are scattered across:
WhatsApp 💬 **| Phone Calls** 📞 **| Portals** 🏢 **(99acres, Magic bricks, etc.)**

Problems:
a) 📂 No central system
b) 🔔 No follow-up reminders
c) 🔥 ❓ Owners don't know which leads are hot or cold

3️⃣ 🔁 Repetitive Questions Waste Time

Buyers repeatedly ask:
📍 Location
💰 Budget
🏠 Property type
🖼 Images & brochures
📅 Site visit availability

Problem:
a) ⌛ Sales teams spend **60–70% of their time** answering the same questions instead of closing deals 🤝

4️⃣ 🔄 Inefficient Follow-ups

Most deals are closed after **5–7 follow-ups** 📊

Problems:
a) 😓 Sales teams forget to follow up
b) 🗓 No structured reminder system
c) 🔋 Interested buyers lose interest
